

NO WORRIES MANGO

KJ/KCAL Info: There's a typo/mix-up between kJ and kcal on a batch of No Worries cans. It incorrectly states that the drink contains more kcal – it's actually the other way around! Thanks!

No Worries Mango combines all the alcohol-free goodness that you expect from LERVIG with juicy, tropical flavours and a subtle sweetness. Super easy drinking and balanced with a refreshing punch of mango, it's like having the tropics in a can!
