

## HOUSE PARTY

We have long winters and short summers in Norway where we often daydream of being in an island paradise. But usually we just end up at a friend's house party all night long... And what we drink is House Party – the super-clean malt allows the hops to give their juicy/tropical fruit flavours an unobstructed pathway to your palate. It comes in a can, and it's completely crushable.

**Ingredients**

WATER, **BARLEY**, HOPS, YEAST.

**ABV**

4%

**Packaging**
