

## LUCKY JACK GRAPEFRUIT

American grapefruit ale. Lucky Jack is just about the perfect beer for summer, add some grapefruit and it's even better. The hops from Lucky Jack contribute for the grapefruit and other tropical/citrus flavours – and we went all in and added grapefruit juice and peel extract to amplify that refreshing juicy character that will quench your thirst on a hot day. This may also refresh your night ... and it makes a perfect side beer for a Paloma cocktail!
