

LUCKY JACK

All Lucky Jack Original produced this year is GLUTEN-FREE.

We've transitioned to a fully gluten-free recipe, and every can brewed this year has been tested and meets gluten-free standards. We're sorry for the confusion – some 6-pack wraps were updated before the cans, so while the wrap says “gluten-free,” the cans may not. But if it's brewed this year, it's 100% gluten-free. The taste remains unchanged – perfected over years of testing to deliver the same Lucky Jack you know and love.
