

## BARREL-AGED MOLTEN DOUBLE CHOCOLATE FUDGE CAKE SUPREME

### Barrel-aged Molten Double Chocolate Fudge Cake Supreme

We put double the amount of cocoa nibs per litre than we've ever used on any of our beers before, added a touch of fudge and stuffed it into a big, fat imperial stout that we've been aging in bourbon barrels for over a year. If you melted down the world's most chocolate-y cake and made a beer of it, it would probably taste something like this... but with a very sensible 12.1% ABV.

<b>Ingredients</b>	WATER, <b>BARLEY</b> , coffee, HOPS, VANILLA, YEAST, Natural graham cracker and butter pecan aroma.
<b>ABV</b>	12.1%
<b>Packaging</b>	33 CL CANS / 20 L KEY KEG
<b>Best before</b>	60 months
