

FREAKSHAKE

This milkshake IPA was inspired by Australia's "Freakshakes" that throw every treat imaginable into a mashup of drink and dessert. So we took all our best malts, lactose, a squirt of vanilla, and the cherry on top is hundreds of kilos of Citra and Australia's most sought after hop, the ultra-tropical Galaxy. Hoppy, super full-bodied and tropical, you might want to drink it with a straw.
