

## JOHNNY LOW

Even though it's 2,5%, this session IPA is so hoppy you won't feel like you're drinking a light beer. Perfect for any social occasion, lunches or sitting in the sun. We use loads of Citra, Simcoe and Amarillo to balance out a good bitterness with massive citrus hop aroma and flavour. The body is light and easy so this beer won't fill you up or hold you down.

**Ingredients****MALT: PILSNER & CARAMALT**
