

JULEBOCK

Lervig's Julebock is a classic Scandinavian style Christmas lager, brewed with caramel malts and a light hoppy touch, this is a real drinker and will hold up well to the richness of your Christmas lunch. A true classic. We like it enough to say its should not just be for Christmas season... but hey that's what dark beers are suited for these days!

Ingredients

Water, **barley malt**, hops, yeast.
