

SAUVIGNON BLANCHE

We contacted Von Winning Winery, loving their wines and on the hunt for high-quality Sauvignon Blanc, they seemed like the perfect collab partner for this fusion product between wine and beer. Von Winning is located just south of Frankfurt, Germany and they immediately loved the idea so they shipped 2000liters of their Sauvignon Blanc and at the same time, we brewed a Blanche wheat beer at LERVIG and dry-hopped it with Nelson Sauvin hops.

Now we blended: 80% Blanche beer and 20% Sauvignon Blanc wine resulting in; "Sauvignon Blanche".

With aromas of passionfruit and yellow gooseberry, the wine complements the beer's delicate profile resulting in an unparalleled fusion of flavors.
