

SMOOTH TALKER

Smooth Talker is a 60/40% blend of mango and passionfruit that was added to a light, tart sour base turning it Fanta-orange in colour with flavours of freshly-sliced mango and subtle notes of passionfruit. A sour but well-integrated finish lends a refreshing roundness to the beer that is further smoothed out by the addition of Nitrogen in our new widget cans. The slowly dissipating, creamsicle-coloured waterfall that results after a vigorous pour into a clean glass is as beautiful as the tropical explosion of flavour contained within.

Ingredients

water, **barley**, MANGO PUREE, PASSION FRUIT PUREE, **OATS**, **LACTOSE**, hops, yeast.

ABV

6.0%

Packaging

440cL in CANS (NITRO)
