

SPIKED SELTZER - ORIGINAL

Want something light and refreshing? Well we have the perfect drink for you. It's a fizzy one with no fuzz. How about that? Same mouth feel as sparkling water, but too complex for Jesus to make wine out of. Wanna try spice it up yourself? Well mix it up then, make it as crazy as you want champ! We dont care, we just made a frickin good seltzer. Looks like water, tastes like gin and soda, smells like gin, feels like rain after a drought.
