

YOU YOU PANGU

Lervig and Slowboat have gotten their minds in sync to create a modern era Juicy IPA brewed with true Kveik yeast from Ebbegarden farm in Stordal Norway. The yeast is a perfect IPA strain due to its fruity tropical flavor it imparts as it ferments at high temperatures. We used generous amounts of Citra, Mouteka and Simcoe hops to allow the yeast to pair with each other. The beer itself is juuicy 8,2% abv with haze and soft supple mouthfeel and balance. Tastes like a pineapple starburst, Pavlova and a Bellini cocktail all in one sip.
