

TASTY JUICE EXTRA JUICY

Tasty Juice Extra Juicy uses 100% *cryo* hops. These hops are cryogenically processed to isolate the lupulin glands of hops containing the resins and aromatic oils which provide intense hop flavor and aroma while leaving behind unwanted flavours from the discarded plant matter. Using only *cryo* Citra, Loral and Simcoe, we've unlocked the most hoppy, tropical, and citrusy Tasty Juice to date!

Ingredients

water, **barley malt**, **Oats**, **wheat**, hops, yeast.

ABV

6.2%
