

BIG ASS MONEY STOUT 2

IMPERIAL STOUT WITH PIZZA AND MONEY
COLLABORATION WITH EVIL TWIN (US), ALC. 16% VOL.

When our friend Jeppe from Evil Twin asked us to brew a collab we didn't waste time being serious about the concept, we all agreed that a big ass stout was the beer, but we need to take it a bit further. What does Norway have in abundance? And what was the local delicacy for Norwegians? ...

... Money and frozen pizza. We made a huge stout, and threw in pizza and money - making the biggest craziest beer that's not only a great gimmick but a great beer for those who can't get enough.
