HOUSE PARTY

SESSION IPA, ALC. 4% VOL.

We have long winters and short summers in Norway where we often daydream of being in an island paradise. But more often than not we just end up at a friend's house party all night long. And what we drink is House Party - super-clean malt allows the hops to give their juicy/tropical fruit avours an unobstructed pathway to your pallet. It comes in a can, and it's completely crushable.
