LOW KEY

MICRO IPA

ALC. 2.2% VOL.

Low Key is the first Micro IPA from LERVIG. Generously hopped with Enigma, Ekuantot and Mosaic, it's bursting with all the bright, juicy, tropical character of our IPAs. And with a remarkable body and mouthfeel (thanks in part to thick dose of oats), you'll hardly believe it clocks in at a very sensible 2.2% ABV. For a low alcohol beer, it compromises nothing on taste, and is an absolutely perfect beer to pair with having stuff to do early the next morning. Low Key confirms the age-old adage: great things come in small ABVs.
